Coloured Foiled Roofs

- Major parts are coloured foils NOT sprayed
- Speedy delivery - only marginally longer than a standard roof
- A viable alternative to powder coated aluminium
- Matching PVC side frames in the same foil colours are available in the market
- The perfect complement to painted side frames on timber conservatories
- For full specification on which items are foiled, please see overleaf.

Coloured Foil Top Caps are available in the following colours:

White
Paint matching:
RAL9003

Cream
Paint matching:
RAL9001

Sage Green
Paint matching:
BS14C35

Fir Green
Paint matching:
RAL6009

Grey
Paint matching:
RAL7016

Ebony Black
Paint matching:
RAL8022

Irish Oak
Paint matching:
RAL1011

Gutter		Black Marley Classic Gutter as Standard Coloured Marley Classic Gutter Supplied at Additional Cost
Valleys	Internal Claddings	External Cladding
Box Gutter	Undercladding	Multiboard - Raised Back Box Gutters Adaptors
Roof Vents		Sprayed

* On a white foiled roof, the only parts available foiled are glazing bar top caps, undercladdings, PFTB internal cladding, ridge undercladding, valley internals, box gutter undercladding, vented wallplate undercladding, half ridge undercladding, end channel, muntin bars and lean-to cloak trim. Remainder is standard body colour white.
External ridge capping, external radius end and internal radius end are not foiled in sage green - these items are sprayed.

** All P, T and B shapes have sprayed external ridge caps.

Dome chambered cappings only.
Choose from low profile, Renaissance cresting and Pikestaff finial.
Only 24mm glazing at present.
A specially commissioned chrome tie bar is specified on internally coloured roofs. White tie bars are used on white foiled roofs.

A coloured conservatory consists of foiled and painted parts. Every effort is made to ensure gloss levels are within reasonable tolerance. RAL and BS colour references are made in good faith - always give a sample swatch to your supplier when ordering any other parts to match.
